WHITE MARBLE SLAB/TILES

White marble along with 5 traditional surfaces always give your home a luxurious beauty as well as make the space open with endless creativity.

Hoang Gia stones always bring stable brightness, with sparkling crystals always creating a highlight for the simple overall.

Our white marble collection in 6 colors, each one defines personality of its own. Simplistic as crystal white, a little bit stylistic as cloudy white, strong impressive as skyline pattern and elegant in the vein of two shade milky and grey.

CRYSTAL WHITE

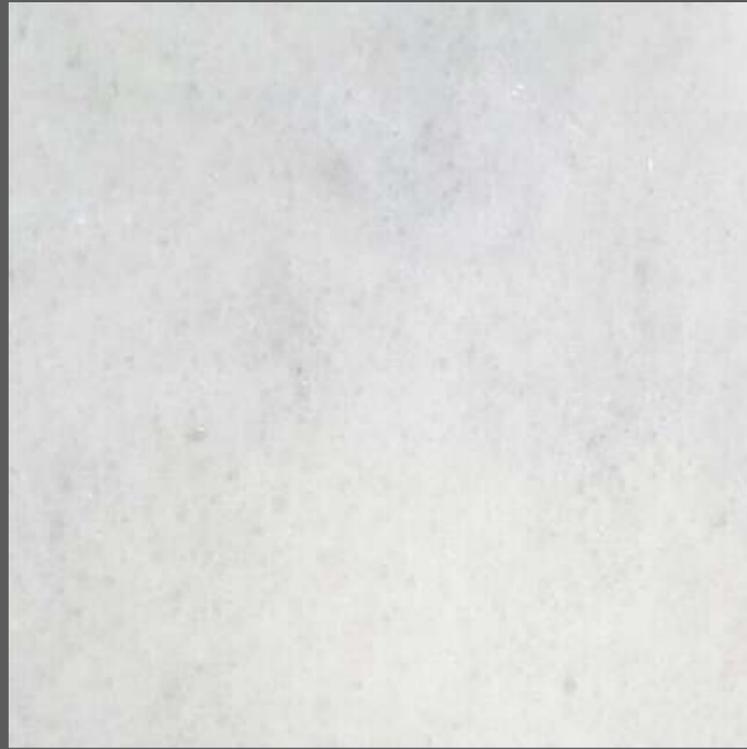

- Application: Exterior wall, interior floor, countertop, stairs.
- Size formats: Slab / Tiles
- Surface finished: Polished, Honed
- Pattern detail: Contains many clear white crystals like salt arranged side by side stick together.

- Guideline:
 - + Use pads when placing hot objects to avoid thermal shock.
 - + Avoid cutting on the stone surface because of creating scratches.
 - + Wipe stains of tea, coffee, color liquids to avoid stain.
 - + Only wipe by water, avoid strong cleaning liquid or acid.

Made in Vietnam

HOANG GIA
MINERAL GROUP

SEMI WHITE

CULTURED STONE

Cultured stone can be called faux stone because of its resemblance to real stone. Hoang Gia's cultured stone includes a variety of surfaces, natural to artificial but retains the essence of natural stone with full physical properties with light weight, trending designs and easily adhered to most wall surfaces.

Suitable for paving both outdoors and indoors, it also has a minimum lifespan of 50 years and does not cost too much in maintenance when solving problems. The surface after paving also does not need coating or sealing like marble tiles/slab.

SPLIT MARBLE

- Code: SPLIT
- Application: Exterior / Interior wall, kitchen, border.
- Surface finished: Natural split.
- Stone form: Tiles (available in many sizes and shapes)
- Available color: Black, Crystal White, Milky White, Light Yellow, Light Pink.
- Description: Natural rough peeled stone, the surface is flatter than convex peeled stone. The stone is cut to a small size and flat, but in its rough form, the stone still retains its true beauty.

Installation tips:

- Dry-Fit the tiles to see if any cuts are required.
- Mix the thin set adhesive and apply to surface
- Fit the tiles to the surface as dry-fit step
- Use levelling system to stable the tiles and gaps between them
- Let the adhesive cure
